57 YEAR ANNIVERSARY  
BBQ  
September 21, 11:30 - 1:30

We are very proud of our Maag Team, as we have been awarded accreditation status by the Accreditation Commission for Health Care (ACHC) for the services of Medical Equipment, Pharmacy, and Home Infusion Therapy.

**COME TO THE STORE  
AND LET US COOK UP  
SOME THANKS!**

ACHC, a private, not-for-profit corporation which is certified to ISO 9001:2000 standards, was developed by home care and community based providers to help companies improve business operations and quality of patient care. Referring to the value of accreditation, ACHC President Tom Cesar indicated, "The survey process leads an organization to continually examine its policies and practices, to clarify its strengths, and improve its weaknesses".

ELASTIC SHOELACES

Accreditation is a voluntary activity where healthcare organizations submit to a peer review of the internal policies, process, and patient care delivery against national standards every two to three years. By attaining accreditation, our Maag Team hopes to demonstrate its continued commitment to maintain a higher level of competency and strive for excellence in its products, service, and customer satisfaction.

## Insurance Highlights

In order to better serve you with uninterrupted service, it is very important to keep us informed of any changes to your medical insurance coverage.

When changing your primary or supplement insurance carrier due to a change with your employment or changing to a Medicare Part D plan, please make sure to contact us with your new billing information.

Some insurance plans require pre-authorization of medical products and/or notification that we are currently billing for services. In some instances, some insurance plans may not cover medical products you currently have as part of your new insurance plan.

We would like the opportunity to ensure a smooth transition from one carrier to another. Please contact us, at (208) 233-2063. We are always willing to assist you.

### OXYGEN TRAVEL

We get a lot of question about traveling with Oxygen therapy and how do people do it.

At Maag, we have always tried to keep our oxygen therapy customers active. Whether you are just going to the store or on a trip, we can help.

We continue to use technology to make oxygen easier and lighter for both daily activities and long trips. Lighter pulsing devices make tanks last longer. We even loan Small Oxygen Machines that are about 15 lbs. lighter to aid in your travel.

We also belong to a National Service that assists us in finding family businesses just like us that have been trusted and tried by other customers. If you would like to talk about travel and staying active, give one of us a call. Troy, Jed, Jason, Ryan, Aaron.

### WE ARE HERE FOR YOU !

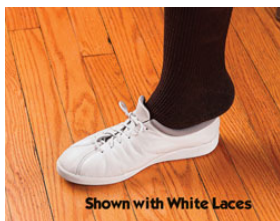

Aaron Durst

**Years of Service:** New **Department:** Respiratory / Cust. Service

We want to welcome Aaron to our Maag Team. Aaron comes to Maag with over 10 years of experience in home care and Oxygen Therapy. Aaron will fit right into our family with his wonderful customer service and his willingness to help others. We think you will like him too!

WELCOME AARON, WE ARE GLAD YOUR ON OUR TEAM!

## Product Spotlight

Ever been slowed down with a bad back or just find it difficult to get those favorite lace up shoes on?

We have a solution for you.

**Elastic Shoelaces:** These shoelaces work very similar to your regular laces but they stretch. By using these laces, it transforms your regular walking shoes into slip-ons.

### COST
